PERTINENT ANSWERS.

Relative to inquiries published yesterday concerning the condition of the sidewalks and the repairing of Franklin road, which has been torn up for several weeks, the city engineer stated that he was laying and repairing boardwalks every day and the trouble is caused by everybody wanting the work in his section done first, which is a matter of impossibility. He has used 80,000 feet of lumber in repairing walks since the first of June. Mr. Wingate said the whole trouble was with a certain member of the Council, who wanted the contract referred to yesterday given to some of his chums and that he had given it to Mr. Carner, who furnished a much better grade of lumber for the purposes for which it is used. Some of the interesting facts were learned yesterday. It seems that from the statement of the city engineer that work has been going on all the year along this line. There are 15 1/2 miles of board walk in the city which are constantly in need of repairs. It takes 42,000 feet of lumber to the mile, and a grand total of 651,000 for the system. The city engineer believes that it would be to the city's interest to take up a portion of the old walk at a time and with the lumber taken therefrom repair the balance and expend the money which is now used in buying new boards to purchase brick and thus gradually build brick walks where the old shacking board concerns are constantly giving trouble. Mr. M. E. Carner called at The Times office yesterday and said he had arranged to move his saw mill to a flowing stream of water and would begin delivering the lumber for the board walks next week. The mill will be located in Bedford county, a few miles east of the city.

MR. PATTON INJURED.

Rev. R. W. Patton, rector of Christ Church, made a narrow escape last night about 9 o'clock from a very serious accident. While on a car going out to Crystal Springs his hat blew off, and while standing on the step waiting for the car to slow down so that he could recapture his hat, in some way he fell to the ground, sustaining very severe bruises about the arms and limbs. His right arm was very severely cut. Dr. Backner rendered the necessary attention, and Mr. Patton was at a late hour last night resting comparatively easy.

Justice Gunn fined Jabbour \$20 and costs, the latter amounting to about \$7.50.

PEACE IN COAL REGION.

No Further Trouble About the Scene of the Shooting.

BUT FEW COLLIERIES WERE IN OPERATION—THE MEN ARE DETERMINED IN THEIR DEMANDS AND OBEYING THE LAW—THE TROOPS HAVE ANOTHER BUSY DAY—A DETACHMENT OF CAV-ALRY MAKES A DETOUR OF THE COUNTRY.

Pittsburg, Sept. 16.—To-day was the quietest day in the Lehigh Valley coal region since the Lattimer shooting. On all sides the humdrum of everyday life is beginning to return again, and but for the presence of the blue-coated troops a stranger would think that Hazleton and the surrounding region led a very dull existence.

As on yesterday, the anticipated new strikers and consequent trouble did not materialize. This was to have occurred in the northern district among the collieries operated by Cox & Co. and G. B. Markle & Co. To the south there was not the least bit of disturbance. There the Lehigh and Wilkesbarre men, in pursuance of their plans of the night before, did not go back to work. The only colliery now in operation in that region is the one at Beaver Brook, owned by C. M. Dodson & Co.

The troops were moved around a great deal yesterday, more so than on any previous day. The Fourth Regiment was moved from Audenried to near Freedom, in order that enough troops may be on the scene where all future trouble, if trouble more there is, will undoubtedly occur. A battalion of infantry, under command of Major Watts, marched through the northern region, and, as on Tuesday, a detachment of the city troops and the Governor's Troop furnished an object lesson to the miners in the southern district.

Another funeral was had during the day, at which thousands attended. No more deaths have been reported and several more of the patients at the hospital have been discharged, their improved condition warranting the step.

FRESH CAKES, Pies, Bread, Rolls and Buns at CATOGNI'S

EVERYBODY DELIGHTED.

The operatic extravaganza, "1492," gave perhaps the best performance of a spectacular character ever seen in a Roanoke pleasure house. From beginning to end it was a blaze of light and color set in gorgeous scenery, such as no mere word painting can do justice to. This musical parlor was full of bright and catchy music, amusing scenes and incidents, and an array of young and pretty women clad in fetching costumes. In an organization of more than seventy people, with so many special features, it was well-nigh impossible to particularize, but without doubt the most remarkable feature of the evening was the wonderful soprano voice of Stuart in his cast of Isabella. The pseudonym of "the Male Patti" is an apt one, for with all the accessories of female attire and a voice vying in compass and brilliancy of tone with the choicest sopranos, it was hard to realize that he was not what he personated, a brilliant woman vocalist. Miss Zelma Rawlston, as the Infanta, proved herself a burlesque actress and vocalist of the finest order. Her lightning changes of costume, all done in forty-five seconds of time, was a marvel to the uninitiated. Not the least pleasing portion of a brilliant programme were the numbers rendered by the Herald Square Quartette. The music was melodious and taking, the second bass, Mr. C. D. Cunningham, having far and away the deepest and richest voice heard in Roanoke for many a day. Mr. Frank Gardiner in his double caste of "Royal Treasurer" and "a fringe on the edge of the crust of society," alias "the tramp" was the merriest, wittiest creation imaginable, his quips and puns and local hits keeping the audience in a constant roar of laughter. There were many really pretty girls on the stage last night, but we are sure that one and all must award the palm for beauty to pretty little Lucille Loring, the queen's herald; on or off the stage, make up or no make up, we are sure she is a rarely beautiful girl. Much interest and speculation was manifested in those famous Klansy living pictures, and when they were placed upon the stage proved beautiful as a dream. Taken all in all, it is doubtful if the season will see again a production of such brilliancy and scenic appointments as characterized the "1492" of last night, and Manager Beckner is to be congratulated on securing such an audience as he had to witness it.

MILITIA INSPECTION.
Inspector General J. O. Lane Stearns and Adjutant General Chas. J. Anderson arrived in the city yesterday, and last night at the armory of the Roanoke Machine Works Guards made the annual inspection of this company and also the Roanoke Light Infantry. The former had 35 men present and the latter 41. It is understood that both companies passed with good grades.

DANGEROUS FRANKLIN ROAD.
When, oh when will our street committee get to work on our walks? Many streets are bad, but for pure, unadulterated danger to life and limb the walk on Franklin road stands an easy first. It does seem that something might be done to lessen the discomforts and dangers of our principal thoroughfares at least.

SCARLET FEVER CASES.
There are quite a number of apparently sporadic cases of scarlet fever in the town, and it behooves those in charge of the cases to see that all precautions are taken to prevent the spread of this terrible disease, with the coming of cold weather.

HAS ITS DRAWBACKS.

The pleasures of bat shooting are not without their drawbacks, since almost every evening sees some venturesome gamester "pulled" by our active police and the coffers of the general treasury filled by so many dollars, for the pleasure of shooting within the city limits.

DOING GOOD WORK.

Evangelist Strouse Holding a Pentecostal at Christiansburg.

Christiansburg, Sept. 16.—(Special.)—Evangelist D. B. Strouse commenced a Pentecostal meeting here Tuesday night. From the first night there was a good crowd at the tabernacle, "Kasey's tobacco factory, the second story of which has been fitted up to accommodate comfortably about 800 people.
Last night Clarence Strouse preached to a large crowd. It was his first sermon at this place and it is no exaggeration to say that every one who heard him was pleased and spiritually benefited. A more attentive crowd was never seen and it was very evident that his able discourse made a deep impression upon his hearers, and the spirit of the Lord was certainly with him and good results will surely follow.
His father D. B. Strouse, assisted by J. M. Oakley, Jr., and Edward Marshall, will continue the meetings until the middle of next week and it is hoped and believed that Clarence Strouse will come back and help. That great good has been accomplished in this county in God's name by the above named men in their several meetings during the last fall and this year, none can truthfully deny.

LEEVEE GOES TO PITTSBURG.

Professor Sammy Sold to the Smoky City Folks.

Richmond, Sept. 16.—Sam Leever, the clever twirler for the Richmond baseball club, has pitched his last game in this city. He was sold yesterday to the Pittsburg club and goes to join Tannehill, the crack southpaw pitcher, who graduated from the Richmond club last year.

The Richmond cranks will be sorry to part with Professor Sammy, for, aside from his ability as a ball tosser, he is a gentlemanly athlete and has made many friends here. He is a wonderful manipulator of the sphere, and in him Pittsburg secures a man who will do much toward pushing their team to the front in next year's race.

HORSE-THIEF KILLED.

Richmond, Sept. 16.—Charles Smith, alias Nick James, a negro horse thief, was shot and killed by Bruce W. Vashon, a member of a posse who were pursuing him. Smith refused to surrender and the constables ordered Vashon to shoot. The barn, stable and several houses and farming implements, and a lot of provender of Fred Dietz in Henrico was burned this morning by an incendiary.

FREE SILVER CAMP MEETING.
Eloquent Speakers Preach the Gospel of Democracy.

Springfield, O., Sept. 16.—The national free silver camp meeting opened here this afternoon at the fair grounds.
The speaking began under a mammoth tent, which has a capacity of 6,000 people. Allan W. Thurman, of Columbus, son of the Old Roman, was chairman.
He claimed the longer conditions were as they are, the harder they would be to quell, and then not by peaceable means. This sounds like anarchy, he said, but these conditions cannot exist in a civilized country, but a reign of terror can and will exist unless the warning is heeded before it is too late.
Hon. John Clark Kidpath, of Boston, said he came 1,000 miles to touch hands with those who do not believe in government by injunction, nor in the wholesale slaughter of innocent men, but in the restoration of the dollar of our fathers.
Hon. A. J. DeArmond, of Missouri, closed the afternoon meeting, and tonight Gen. Warner and H. C. Bell addressed a fair-sized crowd.

The Whitlow Fig Co., third floor over No. 114 Salem avenue.

Bonner's restaurant is growing in popularity, as evidenced by the large number he feeds every day. Nice fresh oysters can be had, as well as everything that is good to eat.
